

JUSTICE FOR EFREN PAREDES, JR.

Efred Parede, Jr., age 15

Efred Parede, Jr. is serving three life sentences for a 1989 murder and robbery in St. Joseph, Michigan he was accused of committing at age 15. Four other juveniles have admitted involvement in the planning or execution of the same crime and received lenient sentences for their admissions of guilt. One of them was not charged at all.

The key prosecution witness and his father were both drug dealers with a drug trafficking history that began two years before he testified against Efred. All evidence in Efred's case is entirely circumstantial. The murder weapon, money from the crime, and the car used in the commission of the crime were all owned by one of Efred's accusers and found in his possession after the crime.

Efred Parede, Jr., age 33

Normally people found with the physical evidence linking them to a crime, particularly the murder weapon, are the focus of police and prosecutors in criminal investigations. In this instance that did not occur and the admittedly guilty parties were allowed to go free or receive deals from the prosecutor.

By signing this petition I am expressing support of The Injustice Must End (TIME) Committee's campaign to obtain a new, fair trial for Efred Parede, Jr., free of racism and official misconduct. In the alternative, if Efred is not granted a new trial through his court appellate efforts, I advocate that the Governor of the State of Michigan grant Efred a pardon or commutation. I urge others to support Efred's campaign for justice by signing the petition as well and encourage them to visit a web site which features facts and reliable evidence about his case. The web site is www.4Efred.com.
